August 14, 1982

Dear Mary Sue:

While doing the research for the biography I came across this letter among some of LRH's materials and felt it should be with you personally.

At that time I tried to send it to you but was told that there was no communication line to you.

So I was very pleased when Laurel recently gave me your address and assured me that the letter would get directly to you.

Here is the letter, at last.

Sincerely,

Gerry
